WHAT’S HAPPENING IN SCIENCE RESEARCH?
FOR TEACHERS OF GRADES 9-12 IN ALL CONTENT AREAS
JULY 27 - 31, 2020  8:30AM - 3:30PM

- Teachers will learn about current research in plasma physics, nanotechnology, materials science and astrophysics.
- Scientists and engineers will discuss their research, data and discoveries.
- Teachers will explore how interdisciplinary science and engineering practices are collaborative within research centers, maximizing the impact of human, scientific, and technological resources.
- In an effort to support future needs of society, we’ll consider how research can improve science communication with the broader audience.

The program fee is $250 for registrations received on or before 4/3/20 and $300 after. For more information and to apply visit https://teacherprep.princeton.edu/quest2020 or contact Dr. Anne Catena at acatena@princeton.edu or (609) 258-3336.
